

Stand-on Scissor Reach Truck

RT15DP Double Reach

RT15/20SP Single Reach

Stand-on Scissor Reach Truck

Superior Efficiency

- ▶ Compact chassis allows easy access to narrow aisle applications.
- ▶ Small and short load wheels facilitate access to multiple mast height configurations between racks, making it easy to use in warehouses and racks of different sizes.
- ▶ Versatile battery capacities for various travel distances and running times.
- ▶ Optional driving modes for versatile scenarios.
- ▶ Enhanced efficiency with swift lifting and travelling.

Safety and Reliability

- ▶ Automatic deceleration when cornering prevents accidents.
- ▶ Adaptive safety load-sensing system adjusts lifting height based on load capacity.
- ▶ Dual foot pedals for high efficiency and safety.
- ▶ Automatic fork leveling function, safe and efficient.
- ▶ Fully proportional hydraulic control for precision and durability.
- ▶ The cab's full wraparound design ensures driver safety.

Quick and Easy Maintenance

- ▶ The integrated battery is conveniently located in the middle of the chassis, facilitating easy removal, inspection, or replacement.
- ▶ The chassis door is easily accessible for viewing internal issues, inspections, and replacements.
- ▶ All components are methodically arranged, ensuring effortless part identification during service checks.

High-performance Scissor Structure

- ▶ The scissor structure is highly robust and stable, enabling a smooth reaching of the forks while minimizing vibrations and rocking.
- ▶ The conversion between movements is seamlessly achieved through the equilibrium of shear force, delivering substantial torque. When raised to a height of 10.5 meters, it can effortlessly lift loads of up to 1.2 tons.
- ▶ The scissor mechanism seamlessly adjusts and neatly folds, significantly minimizing the truck's footprint and maximizing space utilization.

Ergonomic Design

- ▶ Enhanced mast structure design and optimized cylinder and chain arrangement for a better view.
- ▶ Spacious standing platform accommodating various personnel.
- ▶ Convenient standing platform height for easy boarding.
- ▶ Comfortable waist and elbow support to alleviate driver fatigue.
- ▶ Integrated shock absorption on the standing platform for a smoother ride.
- ▶ Newly improved roof guard for an expanded upward view.
- ▶ Ergonomically designed multifunctional integrated handle.
- ▶ Versatile functions including warning lights, illumination, and blue lights.

Excellent Stability

- ▶ One-touch leveling function ensures stable loading and unloading of goods from the shelves.
- ▶ The end-of-scissor retraction includes cushioning for reduced impact and improved stability.

Lifting height up to **10500 mm**
